2.50-2.74						
2.25-2.49						
2.00-2.24						
2.00-2.24						
<p>*For students required to take the GMAT, an admit index <math>\geq 1000</math> is required for students with less than two years of work experience and an admit index <math>\geq 1050</math> is required for all other levels of work experience.</p>						
<p>The admit index is calculated using the following formula: <math>(\text{Undergraduate GPA} \times 200) + \text{GMAT}</math></p>
